Dear CFRW Members,

As you know, the California Federation of Republican Women is in the transition phase of restructuring. I want you to know that your CFRW membership is valued and all that you do for the Federation is greatly appreciated. Most people do not like change, but we live in a constantly changing world. There is always more than one way of doing things. Any type of organization needs change occasionally to keep up with the times and we are always looking for ways to improve. Our membership in California has decreased considerably, our state continues to change drastically, and technology has advanced in a way that allows us to complete tasks and communicate more efficiently than we ever imagined.

Republican Women Federated members are among the most educated people in the country. You care about electing Republicans and you care about promoting our Republican beliefs. Our local clubs are on the front lines of their communities. The stronger they are, and the more they reach out into those communities, the more successful we will be in our efforts to elect Republicans and transform our state back into a place we're proud to call home. You do these things alongside other women who think like you, who have a bond with you and share ideals and values with you. We are all volunteers who, collectively, make a tremendous difference in our country by working through our local clubs, joining together in a statewide federation, and driving a national movement. As part of the National Federation of Republican Women, we make up the largest women-led political organization in the world, an organization that you can be proud of and where you know that you can make a difference!

For the Federation!

Sue
